

Day 3, Thursday July 28, 2005

Last night, we weren't able to finish swimming finals because of the thunderstorm. Therefore, the events will be swum tonight and tomorrow night. This morning our boys 800 free relay won, which consisted of Kevin Baseheart, Jake Kittlestad, Caleb Gottinger, and Greg Zupek. It was so exciting; everyone was going wild. Tonight will be even more exciting with so many of our teammates swimming. Unfortunately, the award ceremonies won't take place because of the extra events being swum tonight. Tonight, the boys are seeded first in the 400 free relay, which should be amazing. Every night, the swimming becomes more intense along with the cheering. We will be back with another update tomorrow night.
