

DRAFT: 1923

1st International/ National Y.M.C.A. Swimming & Diving Championship - May 19, 1923 Hosted by the Brooklyn Central Branch YMCA

There were ten Young Men's Christian Associations from five states that took part in the First National Y.M.C.A. Swimming Championship that was held at the Brooklyn Central YMCA on May 19, 1923. Teams came from as far west as Cincinnati, Ohio (Central Parkway Branch), and as far north as Toronto Ontario, Canada (West End Branch). Also teams from Auburn, Maine; Worcester, Massachusetts; Summit, Passaic, and Bayonne, in New Jersey, and finally teams from New York; Buffalo, and from the city, West Side and Brooklyn Central participated in the meet.

Meet Highlights: The feature race of the evening was the neck and neck battle between Harry Lewis (Brooklyn Central) and Louis Rutledge (Cincinnati Central Parkway). Both men raced on even terms throughout the 100 yard freestyle with Lewis winning out by a margin of inches at the finish. There were 5 National Records established during the meet as indicated (*). This being the 1st National Championship it would stand to reason that each event would have established a new record. However the National YMCA Physical Education Department must have established a set of National Swimming Records system prior to this event. **(Will need to research this!)**

Note: In the historical material obtained for this meet there is no mention of a Championship Committee, a Meet Director, a Meet Referee, or Officials, etc. Also there was no list of an "Order of Events" nor any indication as to the number of participants.

Editorial Notes:

In preparing and working on this International / National Y.M.C.A. Swimming and Diving Championship Historical Project, it has been a little difficult in that there is limited material and information, particularly for the early years. During these years, from the 1st men's championship in 1923 thru 1935, only first place times were reported and in some cases there were no first names; sometimes only initials were used. However, the opportunity of preparing this YMCA historical information has been a very interesting challenge but beyond a doubt, well worth the time and effort.
