

International / National Young Men's Christian Association Swimming and Diving Championship

“Short Course Meets”

Swimming & Diving Championships

Men-----1923 thru 2013

Women---1967 thru 2013

The historical background data for these meets has been obtained thru the efforts of John deBarbadillo, the former historian for the National YMCA Operating Council for Competitive Swimming and Diving, and Paul Atkinson, the Interim Historian for the National YMCA Advisory Committee for Competitive Aquatics.

The history and development of our International/National YMCA Swimming and Diving Championship Program has a very rich and impressive history (the term International was used because YMCA teams from Canada participated in the early years of the championships: 1923 thru 1951). It is our hope to preserve this history of the National YMCA Swimming & Diving Championship Meets on the website for all to see.

This meet material will be placed on the website as “DRAFTS” since we are still in the process of gathering information regarding these Championships. These Drafts will be submitted to the Website in phases, as they are completed, in the following order:

I.	Men's Championships:	1923 thru 1936
II.	Men's Championships:	1937 thru 1955
III.	Men's Championships:	1956 thru 1966
IV.	Women's Championships:	1967 thru 1976
	Men's Championships:	1967 thru 1976
V.	Women's Championships:	1977 thru 1988
	Men's Championships:	1977 thru 1988
VI.	Women's Championships:	1989 thru 1999
	Men's Championships:	1989 thru 1999

****Results and meet information from 2000 thru 2013 are already on the Web-site.***

Editorial Notes: In submitting this material you will notice there is missing information particularly in the early years, such as first names, no names for relays, no times for 2nd, 3rd, and 4th places, etc. Currently, I am researching this material, as I know that it is out there somewhere. It is my sincere hope that somehow we will find this information and provide a complete document for this National YMCA Swimming and Diving Championship Historical Project. If there is anyone out there who has historical data related to the posted material, as it appears on our Website, plus any National YMCA Masters Meets (1980 thru 1995, results and etc.)

PLEASE contact me! Contact Information: **Paul Atkinson:** pa6982ja@sbcglobal.net

*When emailing please use the Subject: **National YMCA Swim/Dive Project Information**
