

## 2009 -2010 YMCA Top Times Recognition

Individuals are recognized in their age group the first day of the meet. Birthdays must be entered or the swimmer will not be entered.

**Individual** - We recognize single age groups. (e.g. 11-11, 12-12) in the individual events. Certificates will be issued to the top 10 in age groups 11 and above. All age groups will be listed on the web for informational purposes only.

We will issue certificates for 50, 100, 200, 500, 1000, 1650 free, 100 and 200 strokes, 200 IM, 400IM in all age groups. We will also issue certificates in 50 stroke for 11-11 and 12 – 12.

All times are to be submitted **electronically** from Hy-Tek meet result files.

The files are to be sent to [twarrick@comcast.net](mailto:twarrick@comcast.net). Please submit within 10 days of the meet. Our database can be up to date if this is done promptly. If this is done, Top 10 certificates could be issued promptly. Last date to submit meet files is May 15.

Relays – Relays will be recognized in multiyear age groups. (11-12, 13-14, 15-18). Relays are checked for swimmers ages. Top 10 awards are given based on the swimmers age first day of the meet. Relays with no names are not recognized. Be sure that your meets have relay names and swimmers birthdays so that we can properly check.

As all times are entered there is no need for a qualifying time.

Lead off split times – We are not loading lead off splits automatically. We ask that you wait until the May 15 cutoff has passed. Check the top 10 listing. If you have a lead off split that would place the swimmer in the top 10 you will need to submit it manually along with proof of time. You will have until June 30 to submit lead off split times.

Certificates – As July is a busy month the goal will be to issue certificates in August or early September.
